Saturday, January 21, 2012**

**The 3 E's of Play:  
Embedding, Enhancing, & Explaining  
Jovanna Rohs**

*Jovanna received a B.S.E. in Early Childhood Special Education and Elementary Education from Central Missouri State University, a M.A. in Curriculum and Instruction with an emphasis in Early Childhood Education from UMKC, and a Ph.D. in Education and Urban Leadership and Policy Studies from UMKC.*

Play is a powerful way for young children to create new understandings and to practice previous knowledge. Play, however, should not be left to chance in the classroom. Utilizing the 3 E's of play: Embedding, Enhancing, and Explaining, classroom teachers can become more intentional about the play in which young children engage. During this presentation, participants will gain strategies for purposefully embedding play into the curriculum, enhancing the play of young children, and documenting and explaining the importance of play to others.
